SCOPE

- Develop a responsive landing page for product showcase
- Implement contact form with validation and email integration
- Set up CMS for blog publishing (using Sanity or Strapi)
- Optimize for performance and SEO
- Cross-browser testing and QA

COST

Total Project Cost: \$2,400 USD (50% upfront, 50% upon completion)

TIMELINE

- Week 1: Design finalization & setup
 - Week 2: Development of main pages
 - Week 3: Integrations & CMS setup
 - Week 4: QA, testing, and final delivery
- Estimated Duration: 4 weeks

DESCRIPTION

The goal of this project is to create a fast, modern, and accessible website for showcasing the client's digital product. It includes a visually polished homepage, a blog section powered by a CMS, and a contact form for user inquiries. Emphasis is placed on responsive design, performance, and clean code architecture.

TERMS & CONDITIONS

Timeline may shift if project requirements change significantly

Revisions are limited to 2 rounds per milestone

Client must provide all final content (text, images, logos)

Payments are non-refundable once a phase is completed

Final deliverables include production-ready code and deployment instructions
